which, with the following exceptions, no packet, whether subject to postage or not, can be received:—

1. Parliamentary petitions and addresses to her Majesty.
2. Parliamentary proceedings.
3. Letters and Packets addressed to or received from places beyond sea.
4. Letters and Packets to and from Public Departments.
5. Deeds, if sent open, or in covers open at the ends; they may be tied with string and sealed, in order to prevent inspection of the contents, but they must be open at the sides, that it may be seen that they are entitled to the privilege.
6. Bankers' parcels despatched from London, and specially delivered at the General Post Office, under certain regulations.

With these exceptions, all Packets exceeding 16 ounces will be immediately forwarded to the Dead Letter Office, to be returned to the writers.

It is optional with the public to send letters within the United Kingdom paid or unpaid; but, in the latter case, they are liable to a double rate of postage, as will be seen from the subjoined table—

Printed votes and proceedings in Parliament, or of the Colonial Legislatures, are charged—

Under 4 oz.....1d.

Above 4 and under 8 oz.....2d.

Above 8 and under 12 oz.....3d. and so on.

Such votes and proceedings, whether paid or unpaid, pass at these rates between places in the United Kingdom, and also to the Colonies by Packet. To those places to which there are no Packets, they may be forwarded by "Private Ship," at double the above rates. They are not, however, forwarded to the East Indies, *via* Southampton, nor to places through France, under the full rates of letter postage.

Postage Stamps are sold at the Post Office—Price

Labels,.....1d. and 2d. each.

Penny Envelopes,.....2s. 3d. a packet of 2 doz.

Twopenny do.,2s. 2d. a packet of 1 doz.

Stamped half-sheets, ..2s. 3d. a packet of 2 doz., and these, when sold singly, or in less quantities, at the rate of $1\frac{1}{2}$ d. each.

Letters bearing stamps in value equal to the amount of postage chargeable according to the first or "prepaid" column of the foregoing scale, will be delivered free in any part of the United Kingdom. In cases, however, where stamps of a less value than the rate exigible have been used, the letter is chargeable, on delivery, with

double the amount of such difference. For instance, a letter posted exceeding half an ounce and under one ounce, upon which a penny label has been put, will, on delivery, be charged twopence, being double the difference betwixt the label used and the proper one for the weight of the letter, which ought to have been adopted.

Stamps may be used for printed votes, Parliamentary proceedings, and on Foreign, Colonial, and ship letters proceeding *outwards*; but their use is prohibited *from* the Colonies or Foreign ports.

Letters for Foreign countries, and places beyond seas, having an insufficient number of stamps, will not be forwarded, but sent to the Dead-letter Office to be returned to the writer. And the same principle is applied to letters for Foreign countries, *prepayment* of which is required, when left at any Post Office with less than the full amount of such postage.

Members of each House of Parliament are allowed to receive, by the post, petitions and addresses to her Majesty, and petitions addressed to either House of Parliament, *not exceeding thirty-two ounces in weight, exempt from postage, provided such petitions and addresses be sent without covers, or in covers open at the sides.* Should they exceed that weight, they will not require to be prepaid, but are charged according to their weight as unpaid letters with double the rates of postage to which, if prepaid, they would be subject.

SHIP LETTERS.

Letters conveyed by *private* ship to places beyond seas are liable to a rate of—

Under $\frac{1}{2}$ oz.,.....	0s.	8d.
Above $\frac{1}{2}$ oz. and under 1 oz.,.....	1s.	4d.
Above 1 oz. and under 2 oz.,.....	2s.	8d.
And so on in proportion.		

The Owners, Charterers, or Consignees (resident in the United Kingdom), and the Owners, Consignees, and Shippers of Goods on board vessels inward bound, are entitled to receive their letters free from sea postage, to the extent, collectively, of six ounces in weight, by any vessel to any one such person. In the case of vessels coming from Ceylon, Mauritius, the East Indies, or the Cape of Good Hope, the letters may be, collectively, twenty ounces in weight, for an Owner, Charterer, or Consignee of any such vessel. The Owner, Charterer, or Consignee must be described as such on the address and superscription; and in the case of Owners, Shippers, or Consignees of goods, it must also appear by the ship's manifest that they have goods on board the vessel. Such persons are entitled to have their letters, which come within the above conditions, before the master of the vessel delivers the other letters in his charge to the Post Office.

Every person who shall, with intent to evade any duty of postage, falsely superscribe a letter as being the Owner, or the Charterer, or the Consignee of a vessel conveying the same, or as the Owner, or the Shipper, or the Consignee of goods shipped in such vessel, shall for every offence forfeit ten pounds.

REGISTRATION OF LETTERS.

Since January, 1841, a system of registration has been in operation, applicable to all descriptions of letters.

Letters intended for registration must either be stamped or prepaid, and presented at the Post-office at least 30 minutes before the closing of the letter-box for the particular mail by which it is to be despatched.

The British registration fee is 1s., and must always be paid in money, and at the time of registration.

In the case of Foreign, Colonial, or Ship letters, registration extends to the port of despatch in the United Kingdom only.

Registration fee on such letters, 1s., and, in addition, the rate of postage to which they may be liable.

Letters *addressed to France*, may be registered to their destination; and those *passing through France*, so long as they may remain in the French territory—the former on payment of double the French rate to place of destination, in addition to the British rate and British registration fee—and the latter on payment of the usual postage rate, and 1s. registration fee. The arrangements for carrying out the system of registration have been made with a view of insuring the punctual delivery of registered letters; on their delivery, the parties to whom they may have been addressed will be required to acknowledge in writing their receipt.

THE INCOME TAX.

RULES AND REGULATIONS FOR COLLECTION.

The following is a copy of the official regulations which will be issued to every person for the purpose of assessments of profits in professions, &c. :—

County of——
 Parish of——

In pursuance of an Act passed in the sixth year of the reign of her present Majesty, for granting to her Majesty duties on profits arising from property, professions, trades, and occupations, you are hereby required to fill up such statements as are applicable to your particular case, and deliver the same, under cover and seal, at my dwelling house, situate at——, or at the office of the Commissioners, at——, within twenty-one days from the date hereof, under a penalty of £20 and treble duty.

RULES AND REGULATIONS FOR INCOME.

The tax under this schedule extends to all trades, professions, employments, or vocations, carried on or exercised in Great Britain, or elsewhere, by persons residing in Great Britain, or carried on or exercised in Great Britain by any person, whether subjects of her Majesty or not, although not resident in Great Britain, and to every art, mystery, &c., carried on by them respectively, other than quarries of stone, limestone, slate, or chalk, coal mines, and other mines, iron works, gas works, salt works, water works, canals, docks, &c., right of markets, fairs, tolls, railways, and other concerns of a like nature.

The balance of profits of trade or manufacture is to be returned at the place where it is carried on, on an average of three years preceding; or, if set up within three years, on an average from the period of commencing the same, either ending on the day of the year when the annual accounts of the trade have been usually made up, or on the 5th of April, 184 ; or, if commenced within the year of assessment, according to such fair computation, on average, as to the best of your knowledge and belief you shall state, and shall be directed by the Commissioners.

In estimating the profits and gains in trade,

DEDUCTIONS ARE ALLOWED

For repairs of premises, or supply or repairs of implements, utensils, or articles employed, not exceeding the sum usually expended for such purposes, according to an average of three years.

For bad debts only, or such part thereof as shall be proved to the satisfaction of the Commissioners to be such.

For any average loss not exceeding the actual amount of loss or adjustment.

And for the rent or value of any dwelling-house or domestic offices used for the purposes of trade—a sum not exceeding two third parts of such rent.

NO DEDUCTIONS ARE ALLOWED

On account of loss not connected with, or arising out of trade, &c.

Nor for any sums employed or intended to be employed as capital therein.

Nor on account of capital withdrawn therefrom.

Nor for any capital employed in improvement of premises not occupied for the purposes of trade.

Nor on account or pretence of any interest which might have been made on capital if laid out at interest.

Nor on account of any annual interest, or any annuity, or other annual payment, payable out of such profits or gains.

Nor for any sum recoverable under an insurance or contract of indemnity.

Nor for any disbursements or expenses which shall not be money wholly and exclusively laid out on trade, &c.

Nor for any disbursements or expense of maintenance of the parties, their families, or establishments.

Nor for any sum expended in any other domestic or private purposes, distinct from the purposes of trade.

The profits on professions, &c., are to be returned on the amount of the preceding year, ending as before, subject to the like provision with respect to those profits as to profits in trade, or the setting up within the year of assessment.

The profits on all securities bearing interest payable out of the public revenue (except annuities, dividends, and shares payable out of any public revenue, or the interest of East India bonds otherwise charged), and all discounts and interest of money, not being annual interest, payable or paid by any person whatever, are to be

returned on the full amount of profits and gains arising therefrom with the preceding year.

The profit from foreign possessions and securities, or in the British plantations, or in any other of her Majesty's dominions, may be stated to, and assessed by, the Commissioners of London, Bristol, Liverpool, and Glasgow, or nearest to such place where the property shall have been imported, or the persons receiving the remittance or value thereof reside; or if imported or received in different parts, or in two or more of the outports, as above-mentioned, the whole profits are to be returned at each port; but they are to be assessed upon the aggregate amount at each port only where the major part of the value has been imported or received.

The returns of profits arising in any other manner than as above described, comprehending every possible source of profit, of whatever nature or kind (not particularly described in the other parts of the Act), may either be formed on an average of years, if in their nature these profits are uncertain in their annual amounts, or, if certain in their annual amount, on the profits of the preceding year.

The Act imposes the obligation of making returns not only on individuals for whose benefit the profits are received, but also on trustees, &c., receiving the properties of others, and state in what capacity you make the return—whether on your own account, or as trustee of any description for another, or as officer of any incorporation or company; and, acting in that capacity, you are liable to the same penalty for not making a due return of the profits you are accountable for as for your own profits.

You are not required to make any return of annuities, &c., payable in Great Britain out of any public revenues, or of the interest on India bonds, the duties of which are to be retained by the respective corporations or companies trusted with the payment of the same, unless the half-yearly payment of dividend does not amount to 50s.; nor are you required to make any return of rents, annuities, or interests of money, and other annual payments payable to you by others residing in this kingdom (unless such payments are derived from property out of Great Britain), they being chargeable on the party by whom the payment is to be made, and will ultimately fall on you by way of deduction from the amount at the time the payment is made, without a particular assessment.

GENERAL DECLARATION.

I,———, do hereby declare that all the particulars required in this notice to be returned as appertaining to me, in relation to the duties or profits of property, trade, or profession, contained in schedule —, are in every respect fully and truly stated, according to the rules and regulations of the Act of Parliament in that behalf made. Dated this day of , 184 .

The following table shows the exchange rates of the dollar against the pound sterling, the franc, the mark, and the yen, from 1914 to 1918. The rates are given in terms of the dollar per unit of the foreign currency.

Year	Pound Sterling	Franc	Mark	Yen
1914	4.84	16.63	4.20	24.36
1915	4.84	16.63	4.20	24.36
1916	4.84	16.63	4.20	24.36
1917	4.84	16.63	4.20	24.36
1918	4.84	16.63	4.20	24.36

The above table shows that the dollar has maintained a stable value against the pound sterling, the franc, and the yen, from 1914 to 1918. This is due to the fact that the dollar is a gold standard currency, and its value is determined by the amount of gold it represents.

The exchange rate of the dollar against the pound sterling is 4.84, which means that one dollar is equal to 4.84 pounds sterling. The exchange rate of the dollar against the franc is 16.63, which means that one dollar is equal to 16.63 francs. The exchange rate of the dollar against the mark is 4.20, which means that one dollar is equal to 4.20 marks. The exchange rate of the dollar against the yen is 24.36, which means that one dollar is equal to 24.36 yen.

The stability of the dollar's value is a result of the gold standard system, which requires that the amount of currency in circulation be equal to the amount of gold held by the government. This system ensures that the value of the currency is based on a tangible asset, and it prevents the government from printing money at will.

THE system adopted by this Company combines the principle of MUTUAL ASSURANCE, with the security of a large Subscribed Capital, and the support of nearly *Seven Hundred Partners* of wealth and influence.

Assurances are granted under a variety of forms, applicable to the various circumstances of individuals proposing to insure their own lives or those of parties in whom they have an interest.

PARTICIPATION IN PROFITS.

Parties desirous of participating in the profits of the Company may have Reversionary Sums added to their Policies, or an equivalent reduction made from their Annual Premiums.

From the success which has attended the Company's operations, both in the selection of Lives, and the investment of the Premiums, the Directors confidently anticipate that, at the Investigation to take place in 1847, the Bonus will be equivalent to that declared by any other Proprietary Company in Scotland.

POLICIES WITHOUT PROFIT.

To insure *fixed sums*, the Company have adopted a scale of rates, which will be found highly-advantageous in those transactions where the object is the security of a definite amount. Specimens of the Tables will be found subjoined.

The business transacted by the Company may be classed under the following heads:—

The granting of ASSURANCES, with or without profits, on single and joint lives and survivorships, and for limited periods.

The granting of ASSURANCES payable at death, or on the party attaining a given age.

The granting of ENDOWMENTS to Children, and of Present, Deferred, and Survivorship Annuities.

The LENDING MONEY on Redeemable Annuity over Entailed Estates; and on Heritable and Personal Security, coupled with Life Assurance.

The Purchase of Life-rent and Reversionary Interests.

And, in general, the transaction of every species of business involving the contingency of human life.

Forms of Proposal, and every additional information, will be given on application at the Agencies of the Company in Great Britain and Ireland.

LIFE ASSURANCE DEPARTMENT.

THE advantages afforded by this COMPANY are as follows:—

1. The RATES are on the LOWEST SCALE consistent with safety.
2. FOUR-FIFTHS of the WHOLE PROFITS of the LIFE ASSURANCE BUSINESS will be divided amongst the Holders of Life Policies entitled to Participation. The benefits of MUTUAL ASSURANCE are thus conferred upon the Assured.
3. The FIRST INVESTIGATION for the purpose of declaring a BONUS will take place at 25TH MARCH, 1852; and similar INVESTIGATIONS will be made TRIENNIALLY thereafter.
4. The POLICIES of the Company are, by the Contract of Copartnery, rendered INDEFEASIBLE and INDISPUTABLE at DEATH, in every case where they have not been obtained by fraudulent or intentional misrepresentation or concealment; and a special clause to that effect is inserted in the Policies.
5. Parties may Assure either on the PARTICIPATING or on the NON-PARTICIPATING Scale.
6. POLICIES will be issued for any sum from L.20 upwards.
7. SURRENDERS of Policies will be received on liberal terms.
8. No ENTRY-MONEY is charged.

The Company grants ASSURANCES on JOINT LIVES and SURVIVORSHIPS, on the same moderate scale of Premiums; and also

ENDOWMENTS for CHILDREN; and IMMEDIATE, DEFERRED, and SURVIVORSHIP ANNUITIES; and, generally, it conducts the business of LIFE ASSURANCE in all its branches.

FIRE ASSURANCE DEPARTMENT.

The Premiums charged by the Company are the same as those of other respectable Offices.

NO CHARGE IS MADE FOR POLICIES TRANSFERRED FROM OTHER OFFICES; and the attention of Parties whose Policies expire at the approaching Terms of MIDSUMMER, LAMMAS, or MICHAELMAS, is particularly requested to this fact. Neither is any charge made where the sum in the Policy amounts to L.300 or upwards.

GUARANTEE DEPARTMENT.

The Company undertakes to GUARANTEE the FIDELITY of PROPER PARTIES in SITUATIONS of TRUST; and, upon payment of a small Annual Premium, to make good the Sum Guaranteed, and thereby obviate any necessity for the intervention of Private Sureties.

The Rates of Premium are, according to the nature of the employment, TEN SHILLINGS per cent. per annum, and upwards.

By such payments, the independence of the party thus guaranteed is effectually secured; while he is, at the same time, freed from contracting any obligations to private friends, which may afterwards involve him in pecuniary responsibility. The success which has attended the "Guarantee Society" of London, proves that, in Situations of Trust, private suretiship, with the danger attendant upon it, is fast disappearing—giving way to the safe and purchased Guarantee which such an institution as the BON-ACCORD LIFE AND FIRE ASSURANCE AND GUARANTEE COMPANY affords.

Detailed Prospectuses of the Company, and Forms of Proposals for Life Assurance and for Guarantee, may be obtained at the Office here, where any further information as to the terms of business will be communicated.

SPECIAL NOTICE TO MEDICAL MEN.

In every case in which a Report is called for from the Medical Referee of the party proposing a Life Assurance, a Fee is paid BY THE COMPANY to the Medical Referee, whether the Proposal be ultimately accepted or rejected.

CONSTITUTION.

THIS ASSOCIATION was established in the year 1839, for the purpose of carrying on the business of Life Assurance in all its branches, on the most approved principles, under the advice of the ablest legal authorities both of England and Scotland, and with a regard to the law of both countries, so as effectually to secure the interests of the Assured residing in each. The English and Scottish systems of Assurance being thus incorporated in the constitution of this Association, parties insuring with the office of Scotland, besides participating in the profits of the Scotch business, are entitled to participate equally with the English Policy-holders in the profits derived from the extensive business carried on in England.

LOAN DEPARTMENT.

Policies effected with this Association *immediately become available as a fund of credit*, by means of which the Policy-holders may, on liberal terms, obtain LOANS upon *undoubted personal security*, upon *redeemable annuity*, or upon the security of any description of assignable income or property of adequate value.

ANNUITIES immediate or deferred, and ENDOWMENTS for CHILDREN, are granted on favourable terms.

GENERAL REGULATIONS.

No charge is made for Entrance Money beyond the Stamp for the Policy. *Thirty* days of grace allowed for paying the Premiums after they become due. Losses paid within three months, or *immediately*, on discount being allowed. Liberal allowances made for Policies surrendered, and the whole business of the Association

uniformly conducted on the most liberal principles and with the strictest secrecy.

The Edinburgh Board of Directors meets every Monday, at three o'clock; but any proposal requiring dispatch will be disposed of any other day, if wished.

Further particulars, and all the necessary forms, may be had on application at the Head Office in Edinburgh; or from any of the Association's Agents in the principal towns of Scotland.

MUTUAL ASSURANCE

COMBINED WITH

M O D E R A T E P R E M I U M S .

SCOTTISH PROVIDENT INSTITUTION,

EDINBURGH, 14, ST. ANDREW SQUARE.

IF the same amount of Premium which would be charged by any of the other Mutual Offices for an Assurance of L. 1000—say at the age of 30—were paid to the Scottish Provident Institution, it would secure from the first a POLICY FOR L. 1230; and which would be further entitled to share in the WHOLE PROFITS, according to the very favourable principle adopted in their distribution. Full explanation on this latter point will be found in the Prospectus and Reports, which may be had on application.

Examples of Annual Premiums for Assurance of £100.

| Age 26 | 30 | 35 | 40 | 45 | 50 |
|---------|--------|---------|---------|--------|--------|
| £1 18 0 | £2 1 6 | £2 6 10 | £2 14 9 | £3 5 9 | £4 1 7 |

Or the Premiums may be made to cease after a limited number of payments. Those for 21 years only (of which Tables may be had) will be found nearly the same as most participating offices require for the whole of life.

The number of Policies issued exceeds that of any other Scottish Office at the same period of its existence; and the Directors are enabled to state that the affairs are in a highly prosperous condition.

TAKES this opportunity of returning his warmest thanks to his numerous patrons in town and country for the liberal share of public support he has enjoyed since commencing business on his own account three years ago, and respectfully intimates that he has now completed various arrangements in his Working Department, which, combined with his long practical experience and undivided attention to the MAKING and REPAIRING of INSTRUMENTS, will enable him to execute all orders in a way that he trusts will give entire satisfaction.

W. D. is proud in being able to annex the following very flattering Testimonial from three of the Professors of King's College:—

King's College, May 9, 1845.

We, the undersigned, readily bear testimony to the abilities of WILLIAM DUNCAN, Optician, Union Street, as a Philosophical Instrument Maker, and hesitate not to recommend him in strong terms to the Public as a most trustworthy person in all the departments of his business.

JOHN DUNCAN,

WORKING GOLDSMITH, LAPIDARY, AND OPTICIAN,

(SIGN OF THE GOLDEN SPECTACLES),

4

ST. NICHOLAS STREET,

4

First Shop from Union Street, North Side,

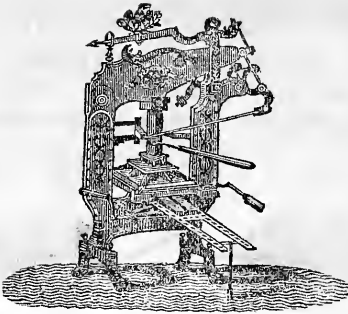

RESPECTFULLY intimates that he has always on hand a great variety of SPECTACLES, in Gold, Silver, Steel, Electrum, Tortoiseshell, Horn, and other Frames, which he suits to all the various Sights with unerring precision, on approved principles adopted by the most eminent Oculists and Opticians.

J. D. begs also to mention that—to embrace grace with utility, and to prevent the Distortion of the Eyes, so frequently caused by ignorance and want of proper attention being paid to the many different forms of the Human Face, and highly necessary to be attended to by those who sell Spectacles—he some time ago invented a Pair of FACEOMETER SPECTACLES for taking the dimensions of the Face between the Eyes, the Temples, the tip of the Ears, the size of the Nuckles required (so that the Pupils of the Eyes may be exactly opposite the centre of the Lenses), and for keeping the Sight from being obstructed by any part of the Frames—giving the Eyes a free range of vision which cannot otherwise be obtained.

J. D. would particularly guard against the Instrument called the VISOMETER, used by Itinerants and others who vend Spectacles, the purpose of which is to take the advantage of those who are ignorant in the theory of Optics, and the practical department of fitting of Spectacles and grinding of the Lenses. The least thought given to the subject is quite sufficient to detect the baneful practice. The great number of changes which take place in the working of the different kinds of Glasses, make it impossible otherwise to ascertain the Lenses best adapted for the sight than by having a carefully-arranged and well-selected assortment of Glasses, from which a fair trial can be made.

EYE-GLASSES, Pocket MAGNIFIERS, READERS, WEB and SEED GLASSES, in Gold, Silver, Steel, Brass, Electrum, Tortoiseshell, and Horn Frames; MICROSCOPES, Single and Compound; Upright and Wheel BAROMETERS; Cases of MATHEMATICAL INSTRUMENTS; BLOW-PIPES, MAGNETS, POCKET COMPASSES, SAND-GLASSES, &c.

☞ From the length of time J. D. has been in business, and the many high encomiums and recommendations he has had, he deems it necessary to state, to prevent mistakes which have been taken advantage of, that he has NOT REMOVED to any other part of the town, but has had his Shop very extensively altered and improved.

EDWARD RANSON & COMPANY,

139 UNION STREET, 139

BEG respectfully to intimate to the Nobility, Gentry, and Public generally of Aberdeen and the surrounding country, that they have now opened those Premises, 139, UNION STREET, with a very extensive Stock of GOODS in the above line, complete in all its departments, which, having been carefully selected within the last six weeks, every article, in design and shape, is the newest, most fashionable, and elegant in the market.

These Goods have been purchased from houses of the highest standing and celebrity in Staffordshire, which do business in Scotland with only a few selected Customers, and with which E. RANSON & Co. have been so fortunate as to establish a connexion. They can, therefore, with unhesitating confidence recommend their Stock, as being superior in quality and variety to any ever before to be had in this city; and by those houses supplying E. R. & Co. exclusively, the community of Aberdeen are afforded the same advantages (without risk or expense of carriage) as they would derive from dealing with the first establishments in London.

E. RANSON & Co. having these advantages, and being determined to adhere strictly to the principle of keeping only such Goods as can be guaranteed, they confidently hope that, in soliciting public patronage, that support will be extended to them which it will be their highest pleasure and constant endeavour to merit.
